

Principles of program Bonus 20%

The campaign applies to Standard accounts in USD

1. Every client of Esplanade Market Solutions has a right to receive the bonus in the amount of 20% of his/her deposit on a trading account with FasaPay. The bonus for the account replenishment shall be deposited within the term of one week since the moment of the account deposit. The bonus can only be credited for the funds present on the account at the moment of considering the application for a bonus.
2. The 20% Bonus cannot be credited to an account, which has already been credited with a bonus of another type. For getting the 20% Bonus, it is necessary to open a new account. The number of accounts for the 20% Bonus for each client is not limited.
3. The Client has a right to get the 20% Bonus each time he/she deposits funds to his/her trading account with FasaPay. The amount on which a bonus can be accrued is equal to difference between deposits and withdrawals.
4. The Client agrees that any funds withdrawal which causes the total amount of all bonus funds (bonuses received minus bonuses cancelled) to exceed 20% of the current free margin on the trading account is followed by cancellation of bonus part equaling the difference between these values. In order to avoid cancellation of the bonus exceeding the amount of withdrawal, please refrain from any withdrawals if the amount of all bonuses on the account tops the permissible value of the welcome bonus for the current free margin on the trading account after the withdrawal.
5. The 20% Bonus can be withdrawn only when BUY or SELL trades are completed. The total volume of the trades must be 1 lot for each \$10. Only the total and full amount of bonuses can be withdrawn, partial withdrawal is impossible. The amount of bonus should be fully available in the trading account at the moment a manager considers the withdrawal request. The Company reserves the right to decline the request for bonus withdrawal without explaining the reason.
6. The profit made over the 20 % bonus amount can be withdrawn without any restrictions in case all conditions of the present agreement are fulfilled.

7. The Company reserves the right to cancel the 20% bonus without prior warning, so we strongly recommend not to use bonus funds in calculation of profit in your trading strategy. The Company is not responsible for any consequences of bonus cancellation, including Stop Out, as the bonus is the property of the Company until trader works it out by opening trades of a total volume specified in the item 5 of the present Agreement.*
8. In case bonus value is over 2000 USD and more than 10% of trades are made with less than 0.01 market lot, the bonus can be reduced to 1000 USD. In case bonus value is over 10000 USD and more than 10% of trades are made with less than 0.1 market lot, the bonus can be reduced to 2000 USD.
9. The Client agrees that, in case of detecting any signs of abuse of the bonus program if account has profit equal to deposit the company may cancel the bonus and correct the profit made with it, with amount equal to bonus sum without warning or explaining the reason. Client admits possible risks of applying this paragraph.
10. The Company reserves the right at its discretion to calculate and distribute profit received with the use of bonus funds from the moment of registration of trading accounts, or from the moment of crediting of bonus funds to the account, in proportion to the client's real funds and bonus funds on the account. Herewith, a part of the profit proportional to the amount of the bonus may be limited for withdrawal from the trading account until the bonus part is worked out in accordance with the rules specified in this agreement.
11. The Client agrees that in case of decrease in the level of current funds (equity/funds ratio) on the account below the level of current bonus funds, i.e. when the point of current losses exceeds the client's real funds on the trading account, all funds from this moment will be calculated as bonus funds in full in case of no subsequent deposits on the account. In the event of deposit, funds on the account are being calculated and distributed between the bonus funds and the client's real funds in proportion to the amount of deposit and the value of the bonus funds at the time of the deposit.
12. Withdrawal method is FasaPay only.
13. The Company reserves the right to amend or modify the campaign terms without prior notice.

* This clause is aimed at preventing any fraudulent activity associated with the bonus system; however, its applying does not mean that all the accounts which were subject to the cancellation of previously received bonuses are found to have violated any of the rules due to the fact that in some cases it is impossible to unambiguously determine the fact of the rule's violation. There is a 10% chance that an erroneous cancellation of the bonus within the struggle against unscrupulous usage of the bonus system would take place.
